

## **CQL - Guide on how to get Started**

- 1 – **Find a Coach.** [turns out that this is the most difficult step]  
(A coach may have assistant coaches; a team needs a minimum of 2 quizzers, there is no limit, but 5 per team is an ideal number of quizzers).
- 2 – **Register Your Team.** The official form can be printed from the web site.  
If possible register before September, this will help us with planning.
- 3 – **Start meeting together for Study & Practice.**  
When, where and how often is up to each team/coach.
- 4 – **Get the materials you need.**  
Forms, Practice Questions, and Rules are all free & on the web site.  
Scripture Portions (one for each quizzer, prices start under \$2)  
Many optional supplies can be found online, such as puzzles, & audio CDs.  
Electronic Quiz Set, This is the biggest one time cost, and very nice for each team to have one, but it is not a must to get started.
- 5 – **Come to the League Quiz Meets for competition.**  
Dates, time, location, and directions will be updated on the web site.
